Hi Ann,

Per our exchange earlier this spring, I just wanted to flag that I think OW's only interests might be in Ex. 5 Deliberative Process (DP) and dechlorane plus, because of the Great Lakes. Ex. 5 Deliberative Process (DP)

Hope this helps.

Best,
Karissa

Hi all,

Pursuant to my note below, attached for your review and comment you will find the U.S. position papers for the Persistent Organic Review Committee of the Stockholm Convention. Please provide any comments to me, with a cc to the drafter, by 3pm on Monday, Sept. 23rd. As always, your clearance is assumed if I don't hear from you.

Many thanks.

Best,
Karissa

Subject: Upcoming Technical Meetings of the Rotterdam (PIC) Chemical Review Committee (CRC) and Stockholm Persistent Organic Pollutants (POPs) Review Committee (POPRC)

Dear EPA Colleagues,

The next meeting of the Stockholm Convention's (POPs) Persistent Organic Pollutants Review Committee (POPRC) begins in Rome September 30th. It is being held in conjunction with the Chemical Review Committee (CRC) meeting for the Rotterdam Convention (PIC), which is meeting the week after the POPRC.

Attached you will find the draft annotated agendas and the scenario notes for both meetings. Over the next week, you will receive two separate emails, one containing the position papers for the POPRC meeting and one containing the position papers for the CRC meeting. We look forward to your review and comment. If you are interested in reading the underlying documents, you will find them at www.pic.int and www.pops.int. As always, if there are others in your office who should be added to this distribution list, please let me know or feel free to share.

In order to inform our final positions, we will be hosting a series of stakeholder calls next week. If you know of stakeholders that you would like us to be sure to include, or if you would like to attend, please let me know.

Thanks so much. Happy to answer any questions!

Karissa
